Sports Specialty Group – Evening lecture series

Management of sports related concussion - 2017 update

Sports related concussion is a form of traumatic brain injury that has a growing presence in the media. The knowledge and understanding of sports related concussions is continually evolving. However, the Concussion in Sport Group recently updated the consensus statement for the management and return to play decision of athletes with a concussion.

If you want to update your knowledge in the management of sports related concussions and be more confident in working with athletes in contact sports, do not miss this lecture!
