## Introduction of speakers

### **Prof. Hector Tsang**

Professor Hector Tsang is the Cally Kwong Mei Wan Professor in Psychosocial Health, Chair Professor and Head of Department of Rehabilitation Sciences of the Hong Kong Polytechnic University. He has had rich experience in the leading role for the development and quality assurance of educational programmes for physiotherapy and occupational therapy from undergraduate to doctoral levels. He has been honorary professor at the University of Hong Kong and visiting professor of many prestigious universities, including Peking University and Shanghai Jiao Tong University. His research interests include integrative medicine, psychosocial rehabilitation, and assistive technology. Also, he serves as member in the Steering Committee for Primary Health Care and the main consultant in a number of commissioned studies in rehabilitation by the HKSAR Government.

Seminar topic: New Era In Physiotherapy Education

### **Prof. Grace Szeto**

Professor Grace Szeto joined the Tung Wah College in 2018, as the inaugural programme leader for the BSc(Hons) in Physiotherapy. Prior to that, she taught in the physiotherapy programme in the Department of Rehabilitation Sciences, the Hong Kong Polytechnic University for over 20 years. She graduated with a Physiotherapy Bachelor degree from University of Toronto Canada in 1982, and have worked in Canada, Australia and Hong Kong. She obtained her MSc in Applied Science and PhD in Physiotherapy from Curtin University of Technology, Australia.

Seminar topic: Latest Development In PT Education At Tung Wah College

### **Ms. Janette Tartabini**

Janette Tartabini has Doctorate degree in Physiotherapy, from University of Montana, USA and Masters in Physiotherapy with Ohio State University, USA. She has 14 years of clinical experience with the Cleveland Clinic and St Vincent Hospital in Cleveland, USA, as a physiotherapist specializing in Neuro-rehabilitation. During this period, she has worked across the entire clinical continuum from acute care, in-patient, out-patient as well as skilled nursing facilities. Janette has deep interest in and extensive experience with robotic rehabilitation, having treated a wide range of patients and conducted multitude of research with the Ekso technology. She is also a certified Ekso trainer in the USA and Asia Pacific.

Seminar topic: A New Paradigm In Rehabilitation With EksoNR
