Dr. Alex Chan

**DPT, MSc, BSc (Physiotherapy)
Registered Physiotherapist**

*Special Interest in Point-of-care Musculoskeletal
Ultrasound and Ultrasound-Guided Dry Needling*

Dr. Alex Chan is a Hong Kong-based clinician and educator with a special interest in point-of-care ultrasound, ultrasound-guided dry needling, and ultrasound-guided rehabilitation. He holds a Doctor of Physical Therapy, a Master of Science in Manipulative Physiotherapy, a Bachelor of Science in Physiotherapy, and a Diploma in Interventional Pain Medicine from Korea University.

He is the Founder and President of the Physio Academy of Ultrasound & Musculoskeletal Disorders and has conducted 98 ultrasound workshops over the past two years, with teaching engagements across Asia including Korea, Singapore, Malaysia, China, and other regions. Dr. Chan serves as a Faculty Member of MARTINOLI Ultrasound and Korea University's Fellowship in Interventional Pain Medicine.

In Hong Kong, he has contributed to university-level education through musculoskeletal ultrasound syllabus development for the Master of Science in Diagnostic Ultrasonography, as well as teaching in musculoskeletal ultrasound, functional anatomy, and rehabilitation-related subjects at multiple renowned universities and the Hospital Authority. His work focuses on advancing ultrasound education and integrating ultrasound into physiotherapy clinical reasoning, rehabilitation, and patient care.

Dr. Peter Siu

**MBBS(HK)
FRCSEd(Orth)
FHKCOS
FHKAM(Orthopaedic Surgery)**

Dr. Peter Siu is a specialist in Orthopaedics and Traumatology. He instructs the Musculoskeletal Ultrasound Curriculum for final-year medical students in the University of Hong Kong and serves as an Educational Board Member of NYSORA. He chairs the Musculoskeletal Ultrasound Committee of the Hong Kong College of Orthopaedic Surgeons. He is a faculty for the Martinoli Ultrasound courses, and faculty of the fellowship in interventional pain medicine by Korea University. He instructed events in Indonesia, Japan, South Korea and Australia. He is the first Orthopaedic Surgeon to receive the GB Ong travelling scholarship. He has authored publications and articles on musculoskeletal ultrasound and pain management.
